GE Aviation Celebrates Fifth Anniversary of Lafayette Facility

LAFAYETTE, INDIANA – October 7, 2020 – The City of Lafayette is pleased to announce that GE Aviation will be celebrating its fifth anniversary of the LEAP engine facility in Lafayette.

Date: Thursday, October 8, 11:00 am to 12:30 pm

Location: 3700 US Highway 52 South, Lafayette, IN 47905

The anniversary event will feature comments by GE senior executives, Mayor Tony Roswarski and other officials. A special announcement will be made regarding a new assembly line production for the Lafayette facility.

During the past seven months of the pandemic, the resilience of the Lafayette team has shown. In April, as GE Healthcare was tapped to double its ventilator production rates in the world's fight against COVID-19, 40 Lafayette assembly technicians answered the call. The team traveled to GE Healthcare facility in Madison, WI to help build hundreds of ventilators that were eventually shipped around the world.
